

Dewey Would Extend Social Security Act

Pledges More Benefits To Workers

Boston, Oct. 28—(AP)—Gov. Thomas E. Dewey pledged tonight to increase social security benefits and extend them to "many millions of workers" now unprotected if he is elected president.

At the same time he called for a higher minimum wage and a "stronger and expanded public health service, though he did not enlarge upon that statement.

Speaking of the present social security law in a campaign address prepared for delivery in the Boston Arena at 8 p.m., Central Standard Time, and for broadcast nationally (CBS), the Republican nominee said: "It is a good act as far as it goes out it does not go far enough x x x a social security program that leaves so many people out in the cold is not good enough for America."

No Specific Figures

Dewey cited no specific increase figures in any case in dealing with social security benefits. But he said: "There will always be some who say these proposals are costly. To them I say they are not costly compared with the gain of human happiness."

He called increased benefits "part of the defense of our American way of life in a troubled and dangerous world."

Among those he wants brought under the social security act, Dewey cited farm and household workers, government employees and the self-employed person who runs his own little business.

The New Yorker noted that the Republican platform sets forth the human welfare program he charted tonight.

Will Carry Out Program

"It is the program of our party and we shall carry it out," he said. The Democratic platform also pledges broader social security coverage and bigger benefits.

Dewey, criticizing the present program, said a single retired worker gets less than \$1 a day. He added that if the worker picks up a few odd jobs and earns as much as \$15 a month, "his eligibility is cancelled and he does not get anything at all."

If a retired worker dies, Dewey said his widow's "pittance" amounts to about 65 cents a day.

"That security is not security enough," he declared. Dewey, who said in Cleveland last night the Truman administration does not seem to understand the communist threat, had more to say on that issue tonight.

U. Of I. Organizes Army Reserve Unit Of Scientists

Champaign, Ill., Oct. 28—(AP)—A new army reserve unit of scientists—described as the first at any university—was activated at the University of Illinois today.

Forty reserve officers with scientific training have entered the program and a spokesman said several hundred more are eligible. Purpose of the program is to make "the nation's scientific brain power available to the army."

Dr. David M. Delo, chief of scientific manpower section of the army general staff, told newsmen. "He said it gives reserve officers a "chance to use their technical competency in military activities."

Dr. Delo described the program as one "representing a new relationship between army and science—one designed to provide the coordination that was lacking in World War II."

Illinois Railroad Drafts Three-Year Improvement Plan

St. Louis, Oct. 28—(AP)—The Illinois Terminal Railroad plans a three-year \$5,000,000 improvement program including complete dieselization of its steam operations. It was announced today by Herbert W. Ward, president.

The program will begin next year and will include the purchase of nine 1,000-horsepower diesel-electric freight locomotives and four more 1,500-horsepower locomotives to replace the railroad's 18 steam freight engines. This would give the I.T. 22 diesel-electric locomotives.

The plan also calls for purchase of 150 new 50-ton steel gondola cars and 100 70-ton steel hopper cars and the construction of a new \$50,000 station in Granite City.

Principles Of FDR Will Triumph: Truman

New York, Oct. 28—(AP)—President Truman marched into Madison Square Garden tonight to proclaim that "Liberal government" and "the principles of Franklin D. Roosevelt" once more will triumph in Tuesday's election.

All over America, Mr. Truman said in a climactic campaign speech, the people are rising "to preserve their liberties."

"Democracy is on the march," he said, "on the march to victory."

"We know that if the people vote, this nation, under God, need not fear for its future."

And in this center of large Jewish population, the chief executive again took his stand for "a strong, prosperous, free and independent" Israel.

His people, he said, already have demonstrated "that Israel deserves to take its place in the family of nations."

"That is our objective, and we shall work toward it in a sound way, not in a partisan political way."

"I am confident that that objective will be reached."

In a speech prepared for delivery in a traditional stronghold of his own party, Mr. Truman spoke under the sponsorship of the New York Liberal party.

"We have come here tonight with one mind and one purpose," he said. "We have come to pledge once more our faith in Liberal government, and to place in firm control of our nation."

Prime Minister David Ben-Gurion made his statement to the state council as Britain and China introduced in the U.N. Security Council in Paris a resolution for creation of a commission to study the application of sanctions against violators of the Palestine mediator's orders.

Jewish army headquarters said Israeli troops today occupied Isdud and nearby villages 20 miles south of Tel Aviv when the Egyptians withdrew.

Yesterday Israel rejected mediator Ralph Bunche's orders to withdraw to positions occupied on Oct. 14 when Israel's offensive against Egypt in the Negev desert started.

Israel said the Security Council's cease-fire proposed negotiations for a withdrawal but did not actually order a withdrawal. Tody Ben-Gurion went further.

"We will never retreat to positions held on Oct. 14, before fighting in the South started," he said. In order to restore the previous positions the Egyptians will have to build up a new army."

At the stadium Tuesday, Dewey shook hands with Gov. Dwight H. Green and Senator C. Wayland Brooks, both seeking reelection, and mentioned them in his salutatory remarks, but did not refer to them in his prepared radio speech.

Barkley Praises Democratic Civil Rights Program

Chicago, Oct. 28—(AP)—Senator Alben Barkley today praised the Democratic civil rights program and accused Gov. Thomas E. Dewey of being "ashamed" of GOP candidates in Illinois and in Philadelphia.

The Democratic vice presidential nominee also said Dewey is "guilty of hypocrisy and double-talk" in "his posture of nobility" toward Senator Revercomb, West Virginia Republican seeking reelection.

He said Dewey, the GOP nominee for president, "one day blames President Truman for failing to bring peace, and the next day John Foster Dulles, his choice for Secretary of State, says Russia alone is responsible."

Barkley spoke before Cook county (Chicago) Democratic workers. He will speak tonight at a party rally in Rockford, Ill., and tomorrow noon before the executives club of Chicago.

Roseville Doctor Feted By Illinois Medical Society

Monmouth, Ill., Oct. 28—(AP)—Dr. Lee Turner Hoyt of Roseville, Warren county, tonight was named best general practitioner in Illinois for 1948. He will be the state's choice in competition for this year's best general practitioner in the United States.

He was selected by the Illinois State Medical Society from among nominations presented by the 92 county medical societies making up the state organization.

Dr. Hoyt is a quiet, modest, friendly physician who follows a daily schedule that would make a less durable man collapse in his tracks. Besides seeing as many as 80 patients a day—in his office and in the two-county rural area he served—he finds time to write medical articles, attend refresher courses, take part in civic affairs and pursue his hobbies.

The best practitioner in the nation for 1948 will be awarded a gold medal by the American Medical Association at the interim meeting of its house of delegates in St. Louis beginning Nov. 30. Each of the states will nominate a competing candidate; with final selection being made by the AMA house of delegates.

Denies Stalin Charges U. S. Refused Berlin Settlement

Refute Russ Blast In Jap Arms Cut

Washington, Oct. 28—(AP)—The State Department denied tonight that the United States is converting the Japanese port of Yokosuka into a modern naval base.

A formal statement also termed "wholly without foundation" what it called an implication by the Soviet ambassador that the United States is failing to disarm Japan.

The ambassador, Alexander S. Panyushkin, demanded at today's session of the 11-nation Far Eastern Commission that the United States say what took place at a recent "secret military conference" held by Gen. Douglas MacArthur in Tokyo.

Demands Statement

He demanded also that the American representative on the commission say whether the U. S. is carrying out the allies' policy of disarming the Japanese.

The State Department responded with a statement tonight which said: "With regard to the statement by the Soviet ambassador before the Far Eastern Commission on Oct. 28 and given to the press, it should be pointed out that Gen. MacArthur, as top U. S. commander, holds conferences in Tokyo with high U. S. military officers from time to time and these are purely routine matters of sole concern to this government."

Is Not True

"With respect to the allegation that the former Japanese naval base at Yokosuka is being converted into a modern naval base, it may be stated categorically that this is not true. This base has been used from the beginning of the occupation by the United States naval forces supporting the supreme commander for the allied powers in carrying out the objectives of the occupation—which it is both necessary and proper for them to do."

"Accordingly, the implication that the Far Eastern Commission decision on the basic post-surrender policy for Japan is being violated is wholly without foundation."

After questioning Davis, the deputies said a 22 caliber rifle was found in possession of the sailors when they were arrested for driving a stolen automobile. They reported it was of the same type used in the double killing.

The rifle will be sent to the Wisconsin crime laboratory at Madison for ballistics tests.

The deputy said Davis denied knowledge of the crimes, but did not give a satisfactory explanation of why the two sailors decided to get rid of a black Plymouth sedan which they had been driving for a month. The car was found abandoned in Chicago Heights, Ill.

A car of the same type was reported seen near the golf course where the bodies of Gertrude Bauman, 17, and Raymond Smith, 18, were found. Gilbertson said the car driven by the sailors had been stolen.

Germans Fight U.S. Troops In Mass Demonstration

Stuttgart, Germany, Oct. 28—(AP)—U. S. Army constabulary forces used tanks and cavalry against Germans today to break up a riot that began when thousands of demonstrators smashed the high cost of living in this American zone city.

It was the first time since the war that Germans had fought with U. S. troops. Two American military policemen were reported to have suffered minor stab wounds. Twelve demonstrators and at least two German policemen were injured.

No shots were fired, but German police arrested some 20 demonstrators.

The riot followed a mass meeting of 40,000 workers in a two-hour protest strike. The meeting itself was quiet. But it broke up, a crowd assembled in a business street where several newly-built shops displayed luxury goods. Store windows were smashed when some of the demonstrators hurled stones.

An estimated 100 German policemen tried to stop the outbreak and were met by a barrage of sticks and stones.

An American military police unit which was stationed outside the meeting area moved into action. It was too small, so it withdrew and called for reinforcements.

The crowd reacted with jeers, insults and a shower of stones and bottles.

Even with reinforcements, the MP's were unable to disperse the crowd. They were under orders not to shoot except in self-defense and did not use their guns. But they called upon the constabulary.

The constabulary responded with three platoons including 12 armed tanks and a cavalry outfit. Their weapons included machine guns and teargas. They succeeded in scattering the demonstrators from the streets without using the weapons.

Army sources declined to speculate whether they believed communists had a hand in stirring up the trouble.

Jessup Says Soviet Prime Minister Lied

Paris, Oct. 28—(AP)—The United States denied officially tonight Prime Minister Stalin's charge that the United States and Britain broke an agreement in Paris for settling the Berlin crisis.

Dr. Philip C. Jessup, U. S. deputy in the U. N. security council, summoned a special news conference to give the lie to Stalin's accusation.

Dr. Jessup said the western powers had agreed to the resolution offered by the six neutral nations in the council last Monday, and which was vetoed by Russia.

Open Currency Issue

This resolution called on the Russians to lift the Berlin blockade while the four occupying powers opened talks for making Soviet currency the sole money for all of Berlin. It also provided for meeting of the four-power foreign ministers council to examine the whole question of Germany.

Jessup called in reporters after studying the question and answer interview with Stalin obtained by the communist newspaper Pravda.

In that interview Stalin charged the western powers with breaking two agreements on Berlin—one in Moscow on Aug. 50 and the other advanced by the neutrals in Paris on last Monday.

No Agreement Reached

Jessup said there was no east-west agreement reached on the resolution offered by the neutrals and "therefore there is no question of any violation of such agreement."

Jessup added: "In reading the report of Premier Stalin's statement most of what he said was a familiar reiteration of the argument the Soviet Union has been making and which has been fully answered by statements to the Security Council and by statements made in the Security Council by all three of the western powers."

"Everyone will regard as unfortunate," he said, "his disavowal of the very sincere efforts made by the six members of the Security Council, who made a very sincere effort to arrive at a fair solution embodied in the resolution submitted to the Security Council, and accepted in a spirit of accommodation by the western powers."

ONE WAY TO PRESERVE FREEDOM

One of the unexplainable paradoxes of American inclination is the indifference of people toward the election ballot. The United States is one of the few major powers left on earth where the free vote still obtains, where it is counted as it is cast, and where voting majorities win.

Yet, with an estimated 92,000,000 persons eligible to vote on November 2, if percentages of the past hold true, only a little over half this number will exercise their priceless right of franchise.

The peak of voting efficiency in this country was reached just before and just after the Civil war. In that period, approximately 80 per cent of those eligible expressed themselves through the ballot box. After that, the number began to dwindle.

In 1920, only 49 per cent of those eligible voted. It was about the same in 1924. In 1928, the percentage raised to almost 57 per cent and by 1940 it had climbed to 62 per cent. In 1944 it had slumped to less than 56 per cent.

Any degree of totalitarianism in this country would wipe out the free and independent ballot. If the heritage is ever lost, it will be through indifference. There is but one way in which to preserve the right to vote, and that is to vote!

New Diesel Pump Now In Use At Roodhouse Spring

Glasgow.—A new 12-ton 120 h.p. diesel pump has been installed at the Roodhouse Springs southeast of Glasgow the past week. This new pump replaces the larger of the two which have been in service several years.

The new pump, using 17 propellers, obtains the water from a 98-foot well sunk on the site of the springs. The propellers are located at the bottom of the well and the water is "pushed" into the pump and out into the pipes instead of using the suction method. The pump's capacity is approximately 475 gallons per minute.

The smaller pump, still in condition to operate in case of emergency.

draws its water supply from an adjoining 70 foot well.

These apparently inexhaustible springs have been furnishing the City of Roodhouse with water for about 25 years and still show no sign of weakening. The water is pumped through ten and eight inch pipes to Roodhouse, a distance of nearly seven miles. The pumps are in operation seven to nine hours a day and are in charge of R. L. Taylor, night man and resident engineer, and Edward Brinker, day man who resides in Glasgow.

The new pump was trucked from Beloit, Wis., on a "low-boy" trailer. To keep from crossing an iron bridge and the Little Sandy creek near the springs, the truck and its load left the gravel road and cut across several fields to reach its destination.

Janitor At Post Office Retires After 24 Years

Friday is the last day on which Fred Crawford will perform his duties as janitor at the Jacksonville post office, a job which he has executed faithfully for the past 24 years. Well known and held in high esteem by all who know him, the 70-year-old Mr. Crawford has made many friends during his long term of service with the post office.

He first became connected with the post office in 1922 when he served as substitute rural carrier. In May of 1924 he assumed custodial duties and has worked in that capacity ever since.

Prior to his service with the post office he was fireman with the U. S. Engineering Fleet on the Illinois river.

Eligible for retirement several years ago, Mr. Crawford nevertheless stayed with his job until now, when advancing age makes his retirement compulsory.

He resides with his wife on rural route one. They have two children, Byron Crawford and Mrs. Edgar Roberts, both of this city.

10 Petit Jurors To Be Drawn For Two Weeks Duty

During the weekly session of circuit court Wednesday, Judge L. E. Wilhite ordered a petit jury panel of 40 members to be drawn and summoned for service for two weeks of the November term. The petit jurors will report for service on Monday, Dec. 6, at 9 a. m.

A number of cases are expected to be tried during the two weeks' period.

The court announced a decision in the suit of S. W. Coe & Co., against Donald M. Douglass, which had been taken under advisement. The court found the equities in favor of the defendant and denied an injunction which was sought by the plaintiff.

A decree for annulment of marriage was granted in the suit of William H. Newton against Helen Louise Newton.

Judge Wilhite disposed of a number of other routine matters, dismissing numerous suits which have been settled or have been held open since trial.

Water will be shut off on S. Main from Superior to Chambers streets from 9 a. m. to 1 p. m. TODAY.

Athens Visitors Find Language All Greek

Athens—(P)—So you want to learn Greek? It's very easy, the Greeks declare. Especially, if you know whether you wish to write your girl friend or a

diplomat; or whether you want to discuss philosophy or order apples from the corner grocer. You simply must know these things, they say, to keep from being crossed up on such everyday items as your shoes and bread. If you're asking for bread, you call it "psomi". If you write it, it's "artos". If you mail an order to your shoemaker, your shoes are "ypomidama". If you telephone him, they're "papotia". (English characters substituted for the strange Greek alphabet.)

Many persons, including foreigners here, talk fluently but can't puzzle out a newspaper headline. Others can read the gossip columns, but can't digest the editorials. A lot of scholars can understand Homer and then can't call for a glass of water. The man in the street speaks a language of his own, full of Turkish and Italian words. He can neither read nor write and never heard of grammar. The politician knows how to talk to him when he's after his vote. And, if you're going to buy

your own apples, you'll have to learn, too. The stilted official language, mostly written, preserves much from the ancient, and would appear familiar to Socrates or Plato. It is employed in documents of state, newspaper editorials and learned articles. The remainder of the newspaper is in the breezy, highbrow conversational medium of the upper and middle classes.

GLASGOW

Miss Dorothy Hester, student nurse at Our Saviour's hospital, and who is now receiving special training at the State hospital there, was home over the week end visiting relatives and friends. Hobart Haney of Quinter, Kans., and Mrs. Carrie Hammon of Denver, Colo., have been visiting among relatives in this area the past week.

DYNAFLOW'S terrific!

WE'VE seen our share of successes over the years—but we'll tell you this:

Nothing has ever prompted the praise or stirred up the excitement that's greeting this Dynaflo Drive.*

Women who've never driven before find that Dynaflo makes the handling of a car simpler than riding a bicycle.

Old-timers—who've always boasted that they can get a lot more out of gear-and-clutch driving than anyone can get with a new-fangled gadget—

come back from a sampling of this drive and say, "Where has this been all my life?"

Even folks who sit in back seats, while someone else handles the wheel, find that the whole ride has a matchless smoothness, thanks to Dynaflo Drive.

What Buick engineers have done is step out and away—far ahead of their brothers in the industry.

They've made oil do everything that shifting gears used to do—and do it better.

Oil replaces the friction clutch. Oil eliminates the usual forward gears. Oil transmits power from your engine to the rear wheels by a whole new set of principles that give you a thrilling sense of command

such as you've never known before.

Why don't you make a date to sample this driving magic?

Why don't you feel the eager rush—the joyous lift—the nimble response of 150 horsepower, working for you with velvet obedience?

Better yet—get in your order. We'll book it gladly, whether or not you have a car to trade.

Farm Youth Will Be Prominent At Live Stock Show

Chicago—Farm boys and girls from 48 states, United States territories and foreign countries will play their usual prominent part in the events of the 49th International Livestock Exposition which is scheduled for November 27 through

December 4 in the Chicago Stock Yard. The Junior Live Stock Feeding Contest, at which boys and girls show cattle, sheep and swine of their own raising, and the Junior Livestock Judging Contest which determines the national winner among state champion teams of amateur judges of cattle, sheep, swine, and horses, are among the opening features of the show.

Exhibit Show Champions Show officials point out that farm youngsters have long taken top

places among winners in the classes of the International. Last year the grand champion steer and barrow were shown by youngsters in competition with adult stockmen from throughout the continent. Auctioned livestock shown by boys and girls brought over half a million dollars at last year's International sales.

The 27th National 4-H Club Congress will be held in Chicago in conjunction with the International, bringing delegates from the far corners of the world. Exhibits and demonstrations of 4-H Club work will be featured through the eight day run of the show in the 4-H building adjacent to the International Amphitheatre on the show grounds.

Youngsters Will Parade On Wednesday of show week more than a thousand club members will be guests at a matinee horse show and supper at the Exposition and in the evening will parade in the arena of the Amphitheatre. The impressive 4-H Club parade is one of the most interesting spectacles of the Exposition.

Young men and women of the agricultural college will have their special recognition at the International. They will have their Collegiate Judging Contest opening day of the show at which college teams will judge livestock. The Crops Judging Contest for agronomy students judges of grain and hay is an event of the International.

Firemen extinguished a large grass fire Thursday afternoon near the home of John Hart, 720 East College avenue. The extent of the blaze was so large that a booster pump was pressed into service. No damage resulted.

Community Chest Workers Urged To Make Reports

Dr. Frank Marston, general chairman, urged all Community Chest division chairmen Thursday to remind the workers in their respective divisions that another report is scheduled for Friday, October 29. Workers should get their reports up

to date and take them to the Dunlap hotel report desk. Mrs. Gary Eberhardt, cashier, will be on duty from 9:00 a. m. to 5:00 p. m. Dr. Marston, at the Tuesday report luncheon, expressed the desire to see the campaign reach the \$30,000 mark by Friday. Division chairmen were even more optimistic. They were determined to clean up solicitations in their divisions, and send the campaign over the top by Friday evening.

SICKNESS CAUSED LOSS OF \$1000 SAYS ELDORADO MAN

Mr. R. Winins, 2118 Main St., thanks Rentox for regained health and earning power.

"I have been troubled with arthritis and rheumatism so bad that at times I was hardly able to get up and down and was not able to work. I lost about \$1000 in income because of my health. I have been troubled with constipation almost all of my life which caused me to be bloated and gas formed on my stomach. I have had to get up many times during the night which left me tired out the next day. This was all before taking Rentox. After the very first bottle of Rentox the swelling left my hands and the pains in my knees began to ease. My appetite is much better, my bowels are regular and I can now get a good night's sleep without interruption. I can now eat anything without being bothered by gas and bloating. I have tried all of the medicines on the market so I know that Rentox is a wonderful medicine because it is the only one that has helped me."

Why do so many people endorse this great medicine? Well, probably it is because they are grateful for having found a medicine that is just what they needed to put them on the road to good health and contentment. This splendid medicine contains 26 ingredients which go to work quickly to relieve constipation and tone up your system. Helps build rich red blood, aids kidneys and bladder. Expels gas, bloating and ends acid indigestion and heart burn. Rentox will make you look, act and feel like a different person in a very short time. Why not try it today—just go to your drugist and ask for a bottle of Rentox. Be sure that you get the genuine Rentox, don't be "switched" to another product.

Duck Hunters Swing Into Action Friday

Havana, Ill., Oct. 28.—(AP)—Hunters are looking forward to good hunting in the Illinois river valley. After Friday, hunting will be from during the migratory waterfowl season opening at noon Friday, one half hour before sundown until the season closes Nov. 27. The daily bag limit will be four birds and the possession limit eight except that only one wood duck may be in a hunter's possession at any time.

In recent aerial survey of the central river bottoms, Frank C. Bellrose of the state Natural History survey said he spotted about 125,000 ducks, 40,000 mudhens and 4,500 geese.

About 25,000 of the ducks were mallards, the sportsman's favorite. Some 32,000 were ruddy ducks and another 23,000 were bluebills. Bellrose said. Sprig, green wing teal, widgeons, shovelers, ringbills and canvasbacks were seen in smaller numbers.

Most of the bluebills and ringbills were in the northern part of the area, he said. L. A. Merrill, caretaker of the Anderson Lake public shooting grounds in Fulton county, reported more ducks than in the last three years at this date.

The water level was described by Merrill as excellent, and figures to spare eager nimrod's laborious mud wading and boat pushing. Similar appraisals of conditions, came from other localities, with the notable exception of the Beardstown vicinity. There, excessively high water in the spring flooded out much.

CHICAGO LIVESTOCK MARKET REPORT

Chicago, Oct. 28.—(P)—Hogs were 50 to 75 cents a hundredweight lower today, and cattle ranged all the way from steady to \$1.00 lower, but sheep were steady to 25 cents higher.

Most good and choice barrows and gilts brought \$25.00 to \$25.50 and a top of \$25.60 for three loads grading choice. Sows took \$22.50 to \$24.50.

A load of choice to prime fed steers topped at \$40.50, with most good and choice kinds getting \$31.00 to \$37.50. A load of choice fed heifers merited \$34.00. Medium to good beef cows had \$18.50 to \$22.00, like grades of sausage bulls \$21.00 to \$23.25. Vealers topped at \$32.00.

Lambs topped at \$24.75, choice yearlings at \$22.65, and native ewes at \$9.65.

Total receipts included 15,500 hogs, 5,400 cattle, 400 calves, and 3,500 sheep.

GRAIN PRICES MAKE PARTIAL RECOVERY AFTER EARLY SLUMP

Chicago, Oct. 28.—(P)—Grains recovered partly from a mid-day sinking spell on the board of trade today. Most contracts did not get back to the previous close, however, and the market's tone remained easy and nervous through the close.

Rains in the Texas Panhandle and predictions of light showers in other sections of the western plains depressed wheat, particularly 1949 crop deliveries. Corn sagged on arrival of 542 cars of the grain here and a drop of around 2 to 6 cents in cash prices.

Soybeans, as well as corn, ran into selling following news that shipments of these commodities into New Orleans had been embargoed. Rye was relatively steady most of the session on rumors the government was making small purchases of this grain. Lard was weak.

The December wheat contract at times got very strong support from leading export houses, but that was not sufficient to push the price ahead much. Trade reports said it may overnight and this morning bought about 3,000,000 bushels of wheat.

Receipts were: wheat 8 cars, corn 542, oats 11 and soybeans 163.

Wheat closed 1 cent lower to 1/2 higher, December \$2.29 1/2-5.

Corn was 1/4 lower, December \$1.39 1/2-\$1.39, oats were unchanged to 1/4 lower, December 78 1/2; rye was 1/4 to 1 cent higher, December \$1.83 1/2; soybeans were 23-3/4 lofer, November \$2.51 1/2, and lard was 20 to 42 cents a hundred pounds lower, November \$19.20.

Markets at a Glance

New York, Oct. 28.—(P)—Stocks—Lower; steel lead broad decline.

Bonds—Steady; selected rails improve.

HYDRA-MATIC DRIVE

Even Better than it Looks!

When we tell you that a Pontiac is even better than it looks, we realize that we are making a strong statement about Pontiac quality.

But here is an automobile so thoroughly good that there is no practical limit to its usefulness, if it is given the proper kind of care.

Here is a car so good that even its second and third owners pay it the highest compliments.

Here is a car so good that its dependability lasts on and on while the miles and months roll by.

*General Motors Hydra-Matic Drive and White Sidewall Tires and Bumper Guards optional on all models at additional cost.

Here is a car so good that owners say they prefer its performance to that of any car they have ever driven. And here is a car so good that its price on a used car lot is often far higher than the price of cars which cost far more when new.

In short, here is a car so good that it would make you very, very happy—on every count!

Please remember this when you order your next car—and order a Pontiac... the car that is always good, and always getting better.

Field Hockey Game Today Matches Boys, Girls Teams

New Brunswick, N. J., Oct. 28—(P)—The boys from Princeton university are in New Brunswick tomorrow for a rip-snortin' game of field hockey with the girls of the New Jersey college for women.

The Tiger field hockey team calls itself the "Ti-Goons" (emphasis on the "i" syllable) and so far has been undefeated in two starts this season, both against girls' schools.

The Ti-Goons set down the fashionable "Fines" school of Princeton in their first invasion of the Bloomer league. They then edged Brainerd Junior college, a girls' establishment in Briarcliff, N. Y.

The scores seem to have been lost in the shuffle. The games were "most informal," reported team members.

The Princeton university athletic office appeared somewhat startled to hear it had a field hockey team in action. It hastily dug through sports manuals and came up with the information that there 11 men or women on each team.

Beyond the fact that the Princeton players all are members of the "Tiger," the Princeton humor magazine, the athletic office said it knew little and apparently cared less—about who's swinging a field hockey stick for Old Nassau.

Field hockey seems to have gotten its start at the Ivy league school sometime last year, when a handful of nostalgic Brits yearned for the game which they had played in their home isles. But they could find no male opponents.

Today, at New Jersey college for women, the girls were confident, despite the imposing record of their

Matty Bell, SMU Coach, Fears Texas Team

Dallas, Oct. 28—(P)—Matty Bell was in character today: he was moaning like the wind that blows across the Texas prairie on an autumn night.

"If we can hold them down a little bit we might make it a good ball game," he sighed when asked for comment on the impending Southwest conference battle of the year between his Southern Methodist Mustangs and the Texas Longhorns at Austin. This is regarded as the championship struggle.

He snorted at news that the Methodists were rated 6 to 18 points better than Texas. "Texas showed what kind of football team it had against Rice," he said. "Rice had 'em down seven points and Texas came back and made three touchdowns. And Rice has a good football team."

Bell was reminded that Southern Methodist beat Rice 33-7. "We got the breaks," he answered.

He also was reminded that Southern Methodist beat Santa Clara 33-0 and Santa Clara beat Oklahoma 20-17 and Oklahoma beat Texas 20-14.

"You can't compare teams on scores," he roared.

Bell then was asked for a direct prediction on the outcome of Saturday's game.

"The only thing I'll say," he said grudgingly, "is that we'll show up at 2 o'clock. We're traveling by train to Austin tomorrow night and it's pretty safe to say we'll get there."

Southern Methodist and Texas both are undefeated in conference play and this game is looked upon as the deciding struggle in the championship race despite the fact that Baylor also is undefeated. Baylor plays Texas Christian at Fort Worth Saturday night.

Pep And Saddler Clash Tonight In New York

New York, Oct. 28—(P)—Willie Pep, as consistent as Clio, is a 1 to 3 favorite to whip Danny Saddler, lean Harlem challenger, in a 15-round defense of his world featherweight boxing championship tomorrow night at Madison Square Garden.

The bout, marking the return of boxing to the Garden after a month of wild cow milking and yipee-kiy-ing by the rodeo clan, has been catching on in the box office. Some 12,000 fans are expected to pay \$65,000 to see this first title venture.

Neither the 26-year-old champion from Hartford, Conn., nor Saddler, who is 22, is expected to have any trouble making the 126-pound class limit. Both will weigh in at noon tomorrow at the offices of the New York State Athletic Commission. Pep was 126 when he finished work and Saddler 126½.

Despite the heavy odds on Pep, there is strong support for the stiff-punching Saddler who has been coming on fast in the last two years. Pep has been accused of ducking Sandy, a tall thin operator with reach and height in his favor. He's 5 ft.-8 ins. to 5 ft.-5½ for Pep.

The Saddler boosters point to his superior hitting power as attested by his record of 63 knockouts in 93 fights. However he has been beaten six times.

Beaten only once in 136 fights, Pep has reeled off 15 straight victories in 1948. He is rated with the best in the history of his class along with Abe Attell, Johnny Kilbane and Johnny Dundee and has been one of the busiest of all boxers since he started his pro career in 1940.

Jack Kramer Rated No. 1 Professional Tennis Player

New York, Oct. 28—(P)—From the top of amateur tennis ranks to No. 1 among the professionals in one year is the achievement of Los Angeles' Jack Kramer.

Young Kramer, winner of the Wimbledon and National Amateur championships in 1947, is placed first in United States pro rankings announced today.

Two veterans who have had a corner on the top pro spot for years—Bobby Riggs of Chicago and Don Budge of Los Angeles—were placed second and third, respectively.

In his first year in money competition, Kramer outclassed Riggs, defending pro champion, in a series of cross-country matches and whipped the Chicagoan in the finals of the annual title tournament at Forest Hills.

BEAU JACK WINS
Washington, Oct. 28—(P)—Beau Jack, former Augusta, Ga., boot-black, put on a "killer" demonstration tonight to stop Eric Boin of London by a technical knockout in one minute and 21 seconds of the third round of a scheduled ten-round boxing match. Jack weighed 143½, Boin 144.

BRAYES RELEASE TWO
Boston, Oct. 28—(P)—The unconditional releases of First Baseman Frank (Buck) McCormick and left-hand Pitcher Ernie White were announced tonight by General Manager John Quinn of the Boston Braves.

ROBERTSON ILL
Rochester, Minn., Oct. 28—(P)—A. J. Robertson, athletic director of Bradley University, Peoria, Ill., is seriously ill at St. Mary's hospital here.

Runners Impress As Illini Eleven Ready For Wolves

Champaign, Ill., Oct. 28—(P)—Illinois' running attack, which came to life against Purdue, continues to look impressive as the Illini prepare for their Ann Arbor date with undefeated Michigan Saturday.

Operating behind crisp blocking of the improving Illini line, speed backs Jack Pierce, Bill Willis, and Paul Patterson made consistent gains in contact work against the freshmen this week. It was Patterson and Pierce who had a combined average of 5.7 yards a carry against Purdue, gaining 160 yards in 28 trips. Their performances in practice indicate they may hold the key to Illinois' success Saturday. Willis, Negro scat-back brought up from the Jayvees last week, may spell Patterson if Paul has trouble against the Wolverines.

Work on Defense
While the Illini have been polishing their rushing game and the aerials of Bernie Krueger and Tom Stewart, they've also given attention to a defense for the potent Wolves. Coach Ray Eliot has been working the Illini particularly against the dangerous passes of the Wolverines, who defeated Minnesota in the passing lanes.

Illinois has thrown up a consistently good pass defense this fall, opponents completing only 14 of 49 passes for a 286 average compared with the Illini completion record of 500 on 40 hits in 80 attempts.

But it's a fact that, despite this stellar defense against passes, Illini opponents have completed two scoring aerials plus two that set up touchdowns. Eliot wants to prevent any recurrence of those happenings this week.

Expect To Win
Illinois isn't acting like a football team that expects to be beaten at Ann Arbor Saturday. The spirited Illini thing the Wolves can be defeated, and they remember that Illinois was the last team to defeat Michigan before its current run of 19 straight victories was started.

Eliot's club is in its best physical condition since the Kansas State opener. Marshall Smith, back after recovering from a knee injury, has resumed his bid at left end in an all-sophomore battle with Tony Klinek, 60-minute performer against Purdue. Dick Mueller, another sophomore, is ready again at right tackle. Lou Leanti, on the mend from an ankle injury incurred against Army, skipped scrimmage this week in hopes of being ready for near full-time action Saturday.

The Illini will make the trip to Ann Arbor by airplane, leaving the university airport at 1 p.m. (CST) Friday and arriving at Dearborn Inn at 2 p.m. (EST).

Alvin Dark Voted National League's Top Rookie Of '48

New York, Oct. 28—(P)—Alvin Dark, brilliant young shortstop of the Boston Braves, was voted today the National league rookie of the year.

It was a virtual landslide for the 25-year-old native of Lake Charles, La., in a nation-wide poll conducted by the Associated Press. Dark romped in as the No. 1 freshman of 1948 with 160 out of a possible 220 votes.

Only four other players received consideration from the baseball experts. Richie Ashburn, flashy Philadelphia outfielder, was a poor second with 57 votes. Pitcher Robin Roberts and flycatcher Johnny Blanton, teammates of Ashburn, each got one vote as did outfielder Hank Sauer of the Cincinnati Reds.

Dark gained the distinction by his fine batting, his skill in the field, his speed and his colorful all-around play. In 137 games, the former all-around athlete at Louisiana State University batted .322 to finish third among the regulars.

It was the second time in his brief career that Dark has been acclaimed as the No. 1 freshman of his league. Signed by the Braves in the summer of 1946 for a reported \$40,000 bonus figure, Dark was sent to the Milwaukee club of the American Association the following year. At played in 15 games for the Braves in '46, but that did not disqualify him for rookie honors in '48.

The 5-11 165-pound youngster, in his first full season in professional baseball, batted .303 for the Braves, led the circuit in doubles and total base hits, and was hailed as the top A.A. rookie.

Six Conference Titles At Stake In Weekend Games

BY ROGER LANE
Springfield, Ill., Oct. 28—(P)—A half dozen outfits can nail down major conference crowns, or at least title shares, in downstate prep football activity this weekend.

A nifty bout matching two unbeaten Little Seven clubs, wheaton and Naperville, assures the winner Friday of no less than a tie for the flag.

Wheaton's Tiger's yielded a single touchdown—to Geneva—in stacking up seven straight wins. On the other hand, Naperville relies mainly on an attack that netted 19 points in a season opening draw with Rock Island and later averaged 38 tallies in six victories.

In the same area, LaGrange can button up its second undisputed and third consecutive West Suburban prize on Saturday by hurdling Hinsdale, a fairly difficult assignment. Both schools show 5-1 records but LaGrange played the tougher schedule.

Down south, a duel bearing heavily on the outcome of the South Six race sends Harrisburg's rampaging Bulldogs to West Frankfort, unbeaten but tied by Mt. Vernon in five contests.

Could Take Over Lead
If Harrisburg cops this one for victory No. 7 compared with a getaway trimming by Murphysboro, only Benton—an Armistice day opponent—could catch up. The Frankfort boys would take over the lead with a win.

Besides LaGrange, two teams shooting for sole possession of league trophies are Moline in the Northwest circuit and Crystal Lake in the newly formed North Suburban. Both are strong favorites.

The power of Moline's Maroons, defeated by Davenport, Iowa, in seven games, appears to be too much for East Moline's Hilltoppers. East Moline has suffered four setbacks in a row, although not before putting up a good scrap in each case. Crystal Lake opposes Warren of Guinee in another Friday encounter.

Seek War of Crown
Norman university high goes after a share in the Corn Belt loop pennant at Fairbury. After floundering in September, Norman's Pioneers rolled over the last four foes and expect to extend their hot streak Friday.

Sixteen of downstate's 18 undefeated, untied teams swing into action, among them Murphysboro, Moneysheart and Monmouth.

Murphysboro rates a topheavy choice to make Anna-Jonesboro its 24th victim in a row over three games. Mooseheart takes a clear six game slate to Kokomo, Ind., on its third trip out of the state during this campaign.

Monmouth bids for triumph No. 7 against Pontiac's cornbelt entry, beaten once and tied once in six outings.

Jerseyville Out After First Gridiron Win Over Roodhouse

Jerseyville—(Special)—Jerseyville has high hopes of ending the oldest jinx in the Illinois Valley conference when Roodhouse plays here at 8 p.m. Friday night.

The Panthers have never defeated the Railroaders in football. Their best effort came in 1914, when the two clubs tied 7-7. All other games have ended in Roodhouse victories, although the Jerseyville eleven was favored on several occasions.

This year Jerseyville has only last week's 7-6 loss to Pittsfield to mar an otherwise perfect record. Even in defeat, the Panthers held the upper hand in statistics, rolling up nine first downs to the Railroaders' five.

Bailey Paces Attack
Ralph Bailey, Panther backfield standout, added lustre to his record, scoring Jerseyville's only touchdown and piling up 94 yards from scrimmage in a game that featured two powerful defensive lines.

Jerseyville has won five out of six starts. The Panthers licked Pleasant Hill, Winchester (2), Carrollton and White Hall.

Roodhouse owns a 3-2 mark to date. They opened fast, defeating Waverly and White Hall before losing to Pittsfield. Then came a one-point win over Winchester and losses to Greenfield and Carrollton.

Two other combats are on the Ivy card tonight, and another game involving a team in this area sends Waverly to Virden in the M.S.M. league.

Pittsfield's unbeaten eleven plays host to a none-too-successful Carrollton aggregation in the feature of the Saukoo homecoming celebration.

One Of Few Unbeaten
The Indians, now conceded the Illinois Valley conference title, will attempt to keep their chart unmarked. They are one of 16 unbeaten, untied prep grid aggregations in the state of Illinois.

The other contest tonight sends Pleasant Hill to White Hall, where the Maroons will be highly favored. Pleasant Hill hasn't chalked up a victory in two seasons and now holds down cellar pest in the league.

Jacksonville high school, Central conference representative in this sector, has an open date this week-end before completing the 1948 campaign against Havana and Illinois School for the Deaf.

Illinois college and I.S.D. play Saturday afternoon, the Blueboys at Millikin and the Tigers at Indiana Deaf.

Name Bearden 'Rookie Of Year' In Junior Loop

New York, Oct. 28—(P)—Gene Bearden, the tall southpaw of the Cleveland Indians, was voted today the American League's rookie of the year.

The cool 28-year-old knuckleball artist who hurled the tribe to the American League pennant in the epic playoff game with Boston at Fenway Park, thus joined up with shortstop Alvin Dark of the Boston Braves as the Fresh standouts of their respective circuits.

Both received the accolade in an Associated Press poll of 220 baseball writers throughout the country. While Dark had an easy time of it, beating out Richie Ashburn, 160 votes to 57 for the Philadelphia Phillies outfielder, Bearden had strenuous competition from the Red Sox's Billy Goodman.

It was close right down to the last vote. Bearden was named on 90 ballots to 88 for the Sox young first baseman. In all, 11 players were given support for the American League's top rookie, in sharp contrast to the National League balloting which contained only five names.

Third place in the junior circuit's balloting went to Lou Brissie, southpaw pitcher of the Philadelphia Athletics. The war hero drew 15 votes to 12 for Satchel Paige, the ageless Negro right-hander of the Indians.

No other player received more than four votes. They were scattered as follows: Bob Porterfield, New York Yankees' pitcher, 4; Mel Parnell, Red Sox southpaw, 3; George Vico, Detroit first baseman, Larry Doby, Cleveland outfielder, and Johnny Ligon, Tiger shortstop, 2 each; and first baseman Hank Ark and pitcher Ned Carver, both of the St. Louis Browns, 1 apiece.

Doby was not listed among the eligible for rookie honors since he played in a sufficient amount of games in 1947. That undoubtedly was the reason for his low total. The poll was completed before the start of the World Series in which Bearden played such a prominent role, winning a shutout game and saving another with expert relief hurling.

The Loves of Carmen
 By SOPHIE KERR
 Copyright, 1948, NEA SERVICE, INC.

XXVIII
 THE bull-fighting procession moved through the tunnel that led into the arena with Lucas walking arrogantly at the head. Friends and hangers-on scattered, hurrying up the steps that led to the grandstand. Carmen stood at the mouth of the tunnel, waving after the matador. "Bring me his ears, Lucas," she called out.

When the procession had nearly disappeared, she turned and started toward the steps herself. Her face was alive with anticipation of the thrills to come. Suddenly she stopped short and the laughter choked in her throat. A black cat had run in front of her, right over her feet.

She shrank back, frightened, and crossed her fingers in an automatic sign against bad luck. A figure loomed in her path. She looked up and there, before her, close, close, was Jose.

Only his feverish eyes betrayed the fact that this battered, filthy beggar was the once proud young dragon from Navarre.

After the first shock of recognition, Carmen glanced quickly around. "What kind of a fool are you to show your face in Cordova?" she snapped. "You'll be caught."

"Carmen—" his voice was unsteady.

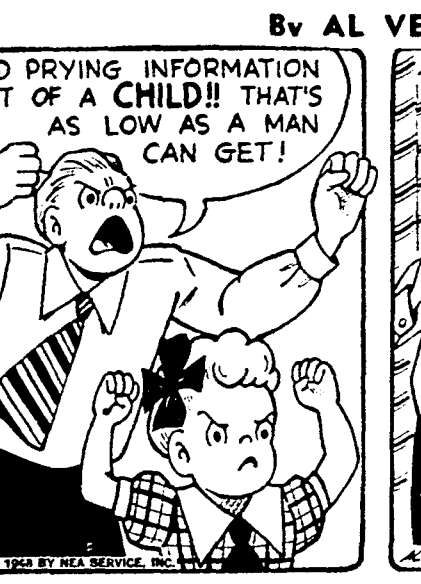

"Did you see that black cat? It means serious trouble every time, Jose. If you have any sense at all, you will—"

He took her hand. "Carmen, let's go home," he implored.

"No."

"Please, Carmen. I can't stand it any longer—waiting, waiting. Please, Carmen."

With a sidelong, wheedling look and a broad, empty, promising smile, she started to back away from him. "Tomorrow, Joseito. Maybe I will be back tomorrow. Wait another day, one more day."

HALE AND HEARTY AT 94

Lounging in his favorite chair on the day before his 94th birthday, Thomas Harrison of 294 Sandusky street recalls many episodes of by-gone days "when Morgan county farmers fed two or three times as many cattle as they do now, when an exceptional bunch of cattle brought the unheard of price of \$7 a hundred, when the head of a large family spent a quarter Saturday night for enough sirloin steak for Sunday's dinner."

Son Of Yorkshire Found This Area 'The Best Place'

By Cecil Tendick

Thomas Harrison will celebrate his 94th birthday anniversary tonight when a small group of relatives come to the family residence, 294 Sandusky street, to enjoy a supper prepared by his two daughters.

"I liked Jacksonville the moment I saw the town," Mr. Harrison said Thursday. "That was in the winter of 1872. I was a little younger then, 18 years old."

Two years before he and his older brother, William, left their ancestral home in Leavening, Yorkshire, to come to the United States. Their father was a tailor and the boys had begun the practice of that trade, but cared little for it. Evidently they wrote some interesting letters. Many fathers in 1872 the rest of the family—father, mother and nine other children—migrated to this country.

Take To The Land
William and Thomas came to Ogle county, Illinois, where some of their friends had settled. Both got jobs on farms near Creston. Wages were good, \$15 a month.

During the next winter Thomas came to Morgan county to visit some friends who had come from his homeland. After three more years of labor on farms in Ogle county, he decided to move to Jacksonville, Illinois, where some of his friends were.

That spring and for the next two years he worked for farmers in the Sinclair neighborhood. His wage was \$17 a month, a little above the average going price for the statistics of the Illinois Department of Agriculture are correct. They say the average wage for those three years was \$16.25.

Skilled Cattleman
The young Yorkshireman liked cattle. T. U. Fox, a well-known feeder of the Sinclair community, noticed his skill with them and hired him. The salary was tops for then, \$25 a month. Good, experienced cattle feeders are always the high-priced men.

Introduction of new "wonder" drugs have brought recent deaths from influenza and pneumonia in the United States to unprecedented low levels, but specialists insist that some types of these diseases are not amenable to the new treatments and an epidemic rise in deaths at some future time is not impossible.

Observe National 4-H Achievement Week Nov. 1 To 7

Urbana, Ill.—More than 49,000 Illinois 4-H club members will be recognized for their 1948 activities during National 4-H Achievement week from Nov. 1 to 7.

This recognition is part of a nationwide program to honor all 4-Hers for their 1949 record, explains E. I. Pilchard, head of agricultural 4-H club work in the University of Illinois agricultural extension service.

All 4-H boys and girls are being honored because of the real part they played in the national accomplishments of 4-H work, regardless of their age or amount of work done, he stated.

Achievements of the 1,800,000 American 4-H youth during 1948 have topped those of any previous year, Pilchard said. These 4-Hers were organized into 80,000 clubs led by 200,000 local volunteer leaders.

There are about 3,500 4-H clubs in Illinois with some 6,000 leaders. Pilchard praised these local leaders highly for the time and effort they have given and for their interest in 4-H work. Club members' records clearly indicate that the leaders' time has produced good results, because the records prove that 4-Hers learn how to do worth-while things.

In reviewing the record, Pilchard said 4-H young people can be proud of the tons of food they have grown, the garments they have made, the skills they have learned, the help they have given to other people, the honors so many of them have won and the things they have proved to themselves they could do individually and as a group.

Grass Fires Cause Alarms Thursday

Grass fires kept members of the Jacksonville fire department busy Thursday afternoon, but no serious damage resulted from the conflagrations.

The first call, at 1:20 p. m., was from the residence of John Hart, 720 East College avenue where grass on a large lot caught fire and was burning briskly when the firefighters arrived. A booster line was used effectively by the firemen to quench the flames.

At 3:05 p. m., the firefighters were again called out, this time to the home of Albert Garrison, 673 South Church street where they found a grass fire had licked its way into a shed. The booster line was again used to extinguish the blaze. The shed was slightly damaged.

While the firemen were at the South Church street blaze an alarm came from the residence of Paul Stewart, 108 Spaulding Place. Crew No. 2, which had been summoned to the station took care of this small grass fire. Hand pumps were used.
